We understand that the next stage in your education is important and that there are a lot of decisions to make. Don't worry, we're here to help!

This guide is packed full of information about all our courses across all of our sites, showing you the different levels, what they mean and what you can do after completing them.

CHOICE

Having six centres across Warwickshire and Worcestershire, each with their own specialist subjects, we can offer you a huge choice as well as specialist expertise that you won't find in school.

FREEDOM

At college you will be treated like an adult, focus on a subject you are genuinely interested in and discover a whole new group of friends.

LOCATIONS

Every site has regular bus or train routes running to them every day, so we are sure that there will be an option for you.

See wcg.ac.uk/transport for more information.

SUPPORT

Ensuring you are successful in your studies and beyond is something we take very seriously. Turn to page 10 to find out more.

RESULTS

- 99 – 100% A Level pass rate at Royal Leamington Spa College and Rugby College in 2020 and 2021.
- 95% of our learners progress to further study, university, apprenticeships or other employment.
- WCG was awarded a 'Good' grade by Ofsted in March 2018.

BTECs, A Levels, T Levels, Apprenticeships, Levels 1, 2 and 3... what do they all mean? It can be a daunting process deciding what to do after school when there are so many options.

The most important thing is working out what is right for you – which may be staying on at school or it could be coming to college. We want to help you reach your full potential in the subject(s) you feel passionate about – the ones that make you feel really excited to start your career. With a huge range of **A Levels, T Levels, BTECs** and other **full-time courses** and **apprenticeships**, ranging from Entry Level up to Level 3 and beyond, we're sure we have something for you.

In this guide you will find lists of all our courses and the available levels. On the right is a table to show you the different qualifications you can achieve, the general grades you need for each level and what they can lead to... but don't worry if you're still not sure. Our expert tutors can help you decide on the exact course and level you should take depending on your predicted grades and your aspirations. All you need to do is pick the subject area you like and apply or come along to one of our Open Events to find out more.

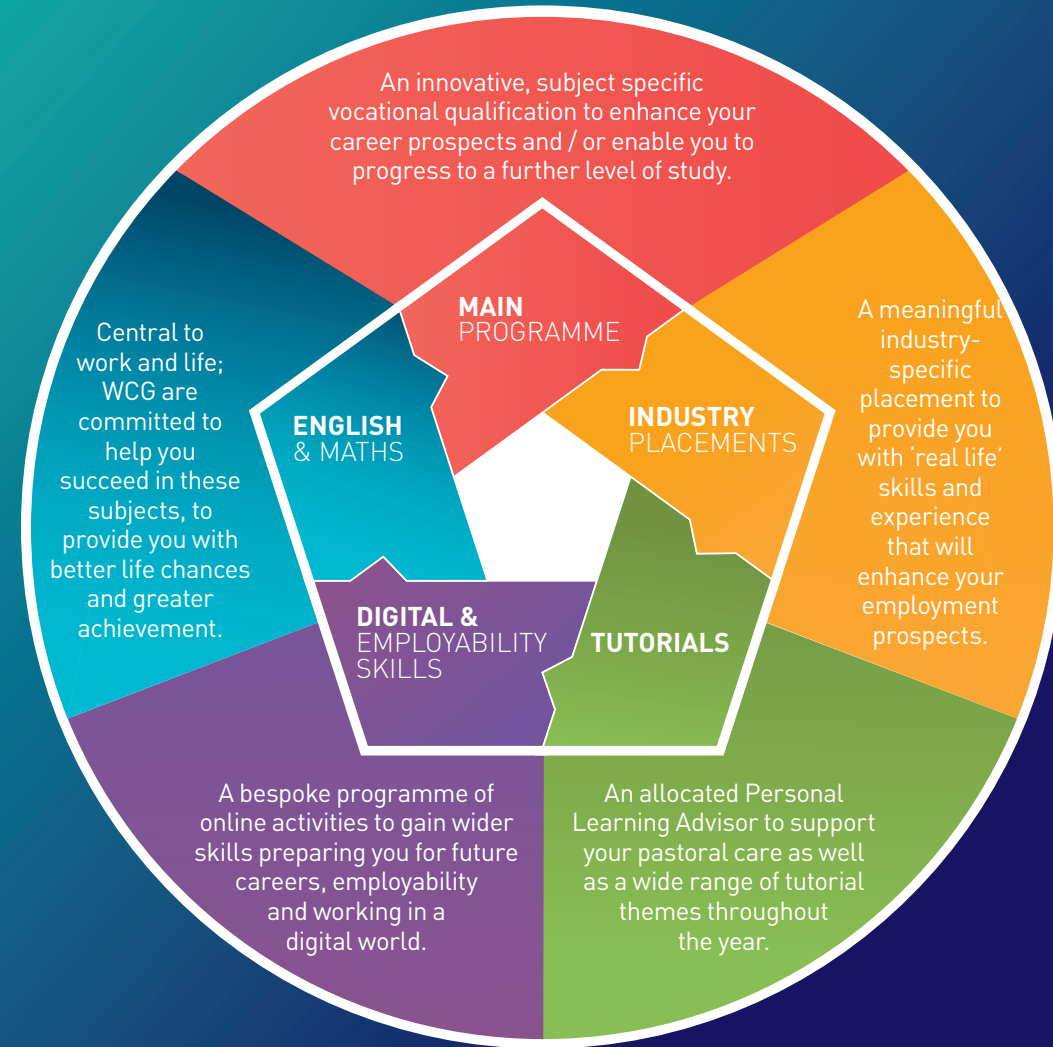

The table opposite shows all the course levels that we offer for school-leavers. Subject and GCSE grades will dictate which level you start at.

At WCG we believe education is not just about the vital qualifications and knowledge you need to get ahead, but the essential transferable skills to help you on your next steps, whatever they may be. Because of this, we offer unique learning opportunities in a supportive, friendly environment.

You can see a summary of what you can expect when you join us as a student in the diagram on the right hand page.

SAFEGUARDING

There is a full Safeguarding Team at all WCG colleges. Students can speak to any of the team at any time if they have concerns.

WELFARE, HEALTH AND WELLBEING

Staff at WCG are available to advise and signpost on a wide variety of issues in a non-judgemental and open environment. The team have input into tutorials on relevant health and wellbeing topics. The Mental Health Support Team and college counsellors support students and the college nurse is available to residential students.

STUDENT ACCOMMODATION

We offer on-site student accommodation at three of our colleges; **Royal Leamington Spa, Moreton Morrell and Pershore**. A residential bursary can help those eligible with the cost of accommodation and a range of packages are available.

wcg.ac.uk/accommodation

LEARNING SUPPORT

The Academic Learning Support team are qualified teachers who are either maths or English specialists and provide help with essay writing, maths, English skills and more at all colleges. Support is flexible and can be arranged to fit in around student timetables. We also offer 'drop in' sessions for all students at lunchtimes.

INCLUSION

Our Inclusion Team will support you if you have specific learning needs or an Education, Health and Care Plan (EHCP). Specialist support is available for learners with dyslexia, ASD (autism spectrum disorder), hearing or visual impairment, physical needs and emotional needs. The team provide Access Arrangements for examinations and assistive technology to support independent learning.

They provide support to learners transitioning from school and offer a Preparation for Adulthood package. Learners' needs are looked at on an individual basis and support is put in place to help students be successful on their course. If you require further details please contact us to discuss your individual support needs.

We're very proud of our students who work extremely hard and gain excellent results – A Level students at Royal Leamington Spa College and Rugby College achieved an overall pass rate of 99.6%*.

Across both colleges a perfect pass rate was achieved in 13 of the 14 A Level courses delivered, with a **100% pass rate in subjects including English Literature, Chemistry, Economics, Psychology, History, Physics, Business Studies and more. High grades were excellent with 50.1% achieving grades A* – B.**

We provide students with an adult learning environment where they have the independence to take control of their studies which sets them up for success at university and the working world.

Our high-quality resources at **Royal Leamington Spa College** and **Rugby College** include expansive libraries, dedicated study areas, friendly tutors and all of the leisure facilities you'd expect at college. Our personalised study programmes mean there's truly something for everyone.

*2021 A Level results

I'm really excited. I didn't think I would get the grades and the speculation nationally of lower grades was definitely a worry.

I came to the college because I wanted more independence. It offered Applied Law which a lot of places didn't and would give me the chance to build my interest in business. I'm looking forward to university now and hope in the future to run my own interior design business.

Isabelle – Achieved A in Psychology, B in Sociology and Distinction in Applied Law at Royal Leamington Spa College

I couldn't have done any better, so I'm absolutely delighted!

Engineering has fascinated me from an early age – and I have a real love for cars and the production process for all of the component parts. The course was really good and thoroughly enjoyable. I've made some good friends and had some great teachers supporting me.

Samuel – Achieved triple Distinction* in Engineering at Rugby College

T-LEVELS

THE NEXT LEVEL QUALIFICATION

T Levels are a new qualification designed to give you a head start towards the future you want. The 2-year T Level qualification brings classroom and work placement together on a course designed alongside employers and businesses.

Your T Level will help you to your next step - whether this is straight into your chosen career, an apprenticeship or a degree.

T Levels give you the opportunity to experience an industry while you continue your studies, with the opportunity to specialise later. While gaining practical experience, you also achieve the qualifications needed to move into a higher level of study, if you choose to later.

HOW ARE T LEVELS GRADED?

To help T Level students get into higher education, UCAS tariff points have been allocated to T Levels, which means they will be equivalent to three A Levels. UCAS points will only be allocated to the overall T Level grade, so you must achieve at least an overall pass grade to receive UCAS points.

If you love to play football and are looking for an opportunity to combine playing with your studies, then our Academy may be just right for you!

Run in conjunction with Leamington FC, our Football Academy allows you to study a Level 3 Extended Diploma in Sport whilst benefiting from regular football practice and games. Many of our learners progress from this programme into careers in the sports industry or to higher education in sports-related subjects.

Students will be coached by UEFA and FA qualified club coaches, who are also current 1st team players. The programme includes up to 10 hours of additional football each week, playing fixtures in the AoC College League or the Academy League, depending on ability.

Chosen players on a weekly basis will be rewarded by training with Leamington FC 1st team, who currently play only two divisions outside the football league. Outstanding players will be given the opportunity to trial at professional clubs.

See wcg.ac.uk/leamingtonfc for more information about the benefits that come with this exciting programme.

The partnership between Rugby College and Wasps RFC intends to provide further opportunities for young players, aged 16 upwards, to undertake a qualification alongside developing their rugby playing skills.

The Wasps Rugby Academy will provide learners with:

Players will study for a Level 3 BTEC Diploma in Sporting Excellence and Performance while also representing **Rugby College** in the British Colleges Sport League.

- Key figures from within Wasps RFC where possible as guest lecturers for units on the sports course
- Opportunities for onsite visits to Wasps RFC where possible and to coincide with qualification units
- Key figures from within Wasps RFC for career advice sessions and support a range of curriculum related activities across departments utilising the wider Wasps RFC structure
- Work placement opportunities for students

Our supported learning programmes are suitable for learners with learning difficulties or disabilities.

Each programme is tailored to individual students' needs and helps to develop a mixture of interests and skills in a supportive environment.

Learners on the Foundation Skills Programme are offered personalised learning opportunities.

These help them gain credit at Entry Level and Level 1, on a learning journey leading to a range of appropriate destinations such as Level 2 qualifications, supported employment or independent living.

FULL-TIME STUDY PROGRAMMES INCLUDE:

- Foundation Catering (Leamington)
- Skillbuilder (Leamington and Pershore)
- Pathways (Rugby)
- Countryside Skills (Moreton Morrell)
- Multiskills (Moreton Morrell)
- Ready for Adulthood (Leamington, Rugby, Moreton Morrell and Pershore)
- Supported Internships (Leamington, Rugby, Moreton Morrell and Pershore)

GET FANTASTIC ON-THE-JOB EXPERIENCE WITH AN APPRENTICESHIP

With an apprenticeship you can earn while you learn. They are the ideal way to develop knowledge, skills and behaviours within the workplace while undertaking study. You will combine industry training with college, gaining experience and qualifications. You will need an employer to take part in an apprenticeship but we can help you with that.

WHAT AREAS DO APPRENTICESHIPS COVER?

Pretty much anything! The majority of our apprenticeships are in technical subjects, but we cover lots of other subjects too.

- Accounting
- Agriculture
- Animal Care and Veterinary Nursing
- Business Administration
- Carpentry and Joinery
- Construction
- Customer Service
- Dental Nursing
- Early Years
- Electrotechnical
- Engineering
- Equine and Farriery
- Events
- Hair
- Horticulture (inc. Sports Turf and Golf Greenkeeping)
- Hospitality
- Human Resources
- IT
- Land-based Service Engineering
- Marketing
- Motor Vehicle
- Plumbing
- Teaching
- Team Leading
- Trees and Timber
- Welding

You will work towards an employer-led Apprenticeship Standard. Dependent on the discipline and sector this could include a range of qualifications such as an NVQ, a Technical Certificate and Functional Skills.

WHAT ARE THE BENEFITS

- Work alongside experienced staff
- Earn a wage and get holiday pay
- Develop transferable skills that can be used across a range of industries
- Enhance future career prospects
- Build your confidence
- Degree apprenticeship progression opportunities

HOW TO APPLY

WARWICKSHIRE COLLEGE AND UNIVERSITY CENTRE

We were granted degree awarding powers in 2021, which means that we can now design and award our own full three-year Honours degrees, as well as continuing to award our own Foundation degrees.

We have been running higher education programmes for over 30 years at **Warwickshire College and University Centre (WCUC)** and these powers are awarded following a rigorous assessment process spanning several months.

We pride ourselves on offering qualifications and apprenticeships aligned to key industries and jobs, and we can now apply this to our own degree courses by ensuring all of our degrees have a technical or professional focus. This means that many students who begin a course with us after leaving school at 16 now have the option to stay at college and progress on to a full three-year Honours degree.

INDUSTRY PARTNERSHIP

WCUC has strong industry links that enhance our graduate employability prospects. Our degrees are designed with advice from employers and industry to ensure that our courses educate, challenge and inspire you. Our students develop employability skills and behaviours for the modern workplace.

A FLEXIBLE APPROACH

We offer a diverse range of full and part-time courses from Honours to Foundation Degrees, HNCs and HNDs to suit your situation.

HIGH QUALITY

Our robust quality assurances and academic standards have allowed us to be granted the power to award its own Foundation and Bachelor Degrees.

SMALL CLASS SIZES

Having a more focused environment means you to benefit from more one-to-one time with you lecturers and allows us to tailor your course to suit you and achieve your true potential.

COME AND SEE US

Visit wcg.ac.uk/openevents to book onto any of our college sites open events, see the facilities and talk to the staff about our courses.

START YOUR APPLICATION JOURNEY

WCG is committed to ensuring that young people and vulnerable adults in our colleges are offered the information, advice and support that they need to stay safe and be able to actively participate in their education and training.

Our Safeguarding responsibilities do not just cover when a student is in college but also if matters outside of college put them at risk. We recognise our statutory duty to safeguard the welfare of our students and ensure that relevant and effective safeguarding practices exist and are actively promoted within the college.

PREVENT

The Government's Prevent strategy places a duty on Further Education Colleges to prevent people from being drawn into terrorism. WCG fully adheres to this duty and ensures that staff and students receive appropriate advice and support to understand the risks associated with radicalisation and extremism.

The Prevent duty is embedded within the college safeguarding responsibilities and any concerns can be raised through the team of Designated Persons.

BRITISH VALUES

At WCG we promote the four key British values of **democracy, mutual respect and tolerance of different faiths and beliefs, the rule of law and individual liberty.**

Every effort has been made to ensure this guide was correct at the time of publication. WCG reserves the right to review or cancel subjects or courses. New courses are always in development and may therefore be subject to approval. Entry requirements are for guidance only. We welcome students with equivalent qualifications and combinations but please contact us to discuss further.

Please visit our website for the latest information. Terms and conditions apply. Warwickshire College and University Centre, WCUC, Warwickshire College Group and WCG are trading names of Warwickshire College.
